T7 Trader, Admin and Clearer GUI

What's New

Release 8.0

Version 8.0_03

Date 06. Nov 2019

1 What's New at a Glance in T7 Release 8.0

1.1 Migrating Börse Frankfurt to T7: New Trading Model *Continuous Auction with Specialist*

- New role *Cash Specialist*: allows to enter, modify and delete (all) orders for the own Business Unit and in principle on-behalf of other BUs
- New account type *Issuer(I)*: allows handling of Cash Specialist quotes
- New Order restriction *Special Auction (SAO)*
- Trades resulting from Special Auction price determination are marked with TradeCondition "V"
- Handling with GUI profiles adapted to the amount of new instruments

1.2 CCP and non-CCP Trading in One Market

- Each instrument will be flagged by the exchange whether it is CCP eligible or not
- Administrators can change *nonCCP* flag in User Maintenance view
- *nonCCP* flag can be changed intraday; changes get active after restart of T7
