Relevant knowledge, skills and experience

Shannon Johnston has a profound understanding of technology in the field of global financial services. As Chief Technology Officer (CTO) at Global Payments Inc., she is responsible for Data, Analytics and Enterprise Architecture globally in addition to consumer facing solutions. Ms Johnston has a broad technological expertise acquired from more than 18 years of working in the technology and financial technology sector during which she was, among others, working in the fields of software engineering, system architecture as well as in IT Operations. Thereby gaining experience in business-to-customer and business-to-business transactions. Particularly from her work at Global Payments Inc., Ms Johnston has acquired many years of practical experience in the implementation of new and pioneering technologies in existing business processes. She has proven experience in transnational projects and in leading international teams. Ms Johnston has a comprehensive view of the latest technological developments in the United States of America and worldwide.
