The participant who applied for the inclusion of a Structured Product pursuant to § 32 Paragraph 2 in another currency than EUR (foreign currency), has to pay for each included Structured Product a fee of EUR 500 per year provided that the trading and settling currency equals to the preferred foreign currency. The obligation to pay the listing fee in full exists at the time of inclusion and on 1 January of each calendar year. A pro rata reimbursement of the listing fee shall not be made.

The quote provider applying for the inclusion of Structured Products in foreign currency pursuant to § 32 Paragraph 2 may reduce the listing fee by purchasing the package sizes listed below.

Upon acquisition of a package size, the quote provider undertakes to purchase the package size in the respective foreign currency annually for an indefinite period.
